II.2.4) **Description of the procurement:**

The ECB is re-tendering its Internet security services and is seeking offers from suitable experienced and placed market players to ensure the continued provisioning of services protecting the ECB activities on the Internet.

The tender covers the provision of 2 services in separate lots:

- content delivery network consisting of a Web application firewall and delivery mechanism (lot 1),
- e-mail security service consisting of anti-malware and anti-spam solution (lot 2).

Provisioning of the services shall include also related management solutions as well as support and maintenance services.

The tender is split into 2 lots according to services used and the ECB intends to award 1 contract per lot. Any outage in either service provisioning system shall in no way impact the second service (lot). This implies the complete separation of infrastructures and associated management, support and maintenance services. This requirement will be taken into consideration at the award stage.

The ECB will award 2 separate contracts, 1 per each lot.

II.2.5) **Award criteria**
